

# Rio (TSPC220)

**220gsm satin white, 100% polyester canvas**

## Product description

For printing with Solvent, Latex and UV inks.

Economical bright white canvas solution with excellent print vibrancy and ink control.

The coating allows the canvas to be creased around frames without cracking.

2600mm & 3200mm widths only are fire rated, the other two widths are not.

Rio is water-tight and air-tight with good flatness.

This product can be cold cut.

---

## Typical uses

Suitable for indoor use for stretched canvas, art reproduction prints, roll-up displays and as textile wallpaper.

---

All technical information is based on manufacturer's claims and is believed to be true at time of print but does not constitute a warranty. Due to the complexity of end use the purchaser should carefully consider the fitness and performance of the product for their own application or use.

We reserve the right to make changes to specifications without prior notice.
