MAKING A MATERIAL DIFFERENCE

INTRODUCTION

At All Print Supplies, we've spent over 40 years helping sign, display, and graphics professionals bring their creative visions to life.

Product Focus 2025 is your essential guide to our most in-demand and innovative materials – handpicked to help you stay ahead in a fast-moving industry.

Inside, you'll find a curated selection of trusted favourites and exciting new additions, all backed by our hallmark next-day delivery, expert support, and rigorous in-house quality testing.

Whether you're creating eye-catching signage, durable vehicle wraps, stylish interior transformations, or premium printed graphics, we have the materials and tools to support your success.

So, take a look, get inspired, and discover how All Print Supplies are making a material difference.

All information provided is believed to be true at the time of going to print.

CONTENTS

SIGN & PRINT MEDIA

Durable, high-quality materials for all your signage and print needs, ideal for indoor and outdoor applications.

FEDRIGONI
SELF-ADHESIVES

P800 PLATINUM POLYMERIC COLOURED VINYL SERIES

A premium 65μ polymeric PVC coloured vinyl range engineered for durability and reliability across all types of signage and display projects. Whether you're working on high-visibility branding or long-term outdoor applications, the P800 Series delivers professional-grade results at a competitive price.

- 72 gloss and matt colours
- **Solvent acrylic permanent adhesive** - dependable and long-lasting
- **Airflow option available** - features a bubble-free, repositionable adhesive
- **Dry application** - faster application, cleaner installation and quicker adhesive bonding
- **Ideal for:** long term curved surfaces and partial wraps

Whether you're working on simple signage or complex partial wraps, the P800 Platinum Series delivers consistent results you can trust.

P800 PLATINUM OPAQUE SERIES

66 gloss colours and 6 matt colours.
Fire rated.

NU-PRINT 'M' REMOVE

NU-COAT

Manufactured in the UK, the **Nu-Print 'M' ReMOVE Series** features high-performance monomeric PVC films with a VOC-free UV acrylic adhesive. Excellent printability and a clean peel.

- **VOC-free UV acrylic adhesive** - sustainable, safe and low shrinkage
- **PE liner** - excellent print stability and ideal for wet application
- **Clean removal for 12 months** - leaves no residue
- **Exceptional whiteness and opacity** - significantly better than competitors
- **Fire-rated** - EN13501-1 and BS 476 Class 0

The standout option, **M21-R-P**, is a transparent gloss removable vinyl. Its **ReMOVE (R)** adhesive won't whiten when wet applied, making it the ideal choice for window graphics and temporary displays.

NU-COAT NU-PRINT REMOVE (R): REMOVABLE PRINT VINYLS

VOC free adhesive. 1 year clean removal. Fire rated.

PRODUCT CODE	PRINT TECHNOLOGY	FACE	ADHESIVE	LINER	OUTDOOR DURABILITY	ROLL WIDTHS

Also available by the metre, non-standard roll lengths are surcharged at 33%.

WINDOW FILMS

From privacy to promotion, our window films offer stylish, functional solutions with easy application and long-lasting performance.

DigiPRINT

DICHROIC FILMS

Transform glass surfaces with **DigiPRINT Dichroic Films** – stunning, transparent, polyester window films that change colour with every viewing angle, creating an eye-catching iridescent effect.

- **Transparent, removable polyester film** - lightweight and easy to install
- **UV printable** - customise designs for brand or artistic impact
- **Dynamic iridescence** - shifts colour as you move
- Available in **BD100 Freeze** blue-tinted and **RD100 Fire** red-tinted
- Ideal for decorative applications in retail, hospitality, or architectural spaces

Bring your designs to life with vibrant colour shifts and a unique, modern finish.

DIGIPRINT DICHROIC FILMS

Non-PVC. 2 gloss transparent colours.

PRODUCT CODE	PRINT TECHNOLOGY	FACE	ADHESIVE	LINER	OUTDOOR DURABILITY	ROLL WIDTH
BD100 Freeze	UV	100μ polyester	Clear solvent removable acrylic	50μ clear polyester	1 year	1370mm
RD100 Fire	UV	100μ polyester	Clear solvent removable acrylic	50μ clear polyester	1 year	1370mm

Also available by the metre, non-standard roll lengths are surcharged at 33%.

DigiPRINT

BACKLIT FILMS

Designed for vibrant, backlit graphics, these non-adhesive polyester films can take high levels of ink and resist humidity.

- **High ink absorption** - vibrant colours and rich black surfaces in both reflected and transmitted light
- **Moisture-resistant** - can be used in environments with high humidity and condensation
- **Can be used unlaminated** - or pair with **DigiGUARD laminates** for ease of fitting and longevity

Ideal for glass surfaces, lightboxes, retail displays, and illuminated signage.

DIGIPRINT BACKLIT POLYESTER FILMS
Non-PVC. Front print backlit display graphic films.

DigiPRINT

ULTRA CLEAR WINDOW FILMS

Engineered for maximum transparency, these 50μ optically clear gloss polyester films deliver flawless window graphics with a "no-film" appearance.

- **Clear PET liner** - provides ultimate clarity on internal faces of glass
- **Permanent adhesive** - for strong hold on window applications
- **Scratch-resistant top coat** - protects during application and use
- **No contour cutting needed** - perfect for transparent decals
- **Printable with UV or Latex inks** - DS1000 (UV), DS1001 (Latex)
- **Excellent durability and longevity** - 5 years internal for DS1000 and 2 years for DS1001

Perfect for internal applications such as printed window graphics or decorative decals in high-end retail, architectural, and corporate spaces.

DIGIPRINT OPTICALLY CLEAR PRINT FILMS

WHAT MAKES US DIFFERENT?

We understand the time pressures our customers face, which is why we offer tailored solutions and personalised service that set us apart.

FLEXIBLE, FRIENDLY, HUMAN SERVICE & SUPPORT

UK-based experts ready to take your call, backed by a nationwide team offering on-site advice and support.

NEXT-DAY DELIVERY

When your customer wants more of the same (or different) at the last minute, you can rely on us to supply it.

STRINGENT QUALITY CONTROL

We have our own in-house testing laboratory, so you can be confident your already tight project timelines won't be derailed by defective materials.

EASY PURCHASING PROCESSES

You can order online 24/7 – great when you're on a deadline and every second counts!

FAIR PURCHASING POLICIES

We sell most print, laminate and signage products by the linear metre, so you don't have to buy quantities you don't need.

DEDICATED ACCOUNT MANAGER

Acting as an extension of your business, on hand to offer support and advice whenever you need them.

MAKING A MATERIAL DIFFERENCE FOR OVER 40 YEARS

All Print Supplies provides print, graphic and signage professionals with over 40 years' print material experience.

We use the latest technologies thanks to our ongoing investment in R&D and promise the highest quality control supported by our unique in-house testing facilities.

This means we can offer real advice from our friendly, expert team, protecting your reputation and saving you money in the long-term.
