

Easy-Weed Ruby

Ruby Film for screen positives

Product description

Soft 20µ semi-transparent ruby film on a 125µ polyester film.

Typical uses

For quick and easy creation of film positives.

The extra thick backing makes the product very easy to cut and weed.

The ruby film is opaque to any copying light.

This product has excellent dimensional stability and an almost unlimited shelf life for archiving.

Shelf life

2 years when stored in original packaging at 21°C and 50% RH.

Physical properties (Average Values)

Tests made at 23°C and 50%RH unless otherwise stated
