(Direct to S/S)

Application Data

Product can be used indoor and selectively outdoor due to limited life.

Always ensure the print has dried completely before attempting to contour cut or apply the graphic.

All technical information is based on manufacturer's claims and is believed to be true at time of print but does not constitute a warranty. Due to the complexity of end use the purchaser should carefully consider the fitness and performance of the product for their own application or use.

We reserve the right to make changes to specifications without prior notice.
